

Brookings-Harbor School District Brookings, Oregon

DESCRIPTION

The Brookings-Harbor Bond Project included a 34,815 SF Elementary School, a 15,099 SF Middle School, and a 13,488 SF High School. All three structures are additions to the present schools, which are all on the same site. In addition to the new buildings there was also 18,156 SF of remodel and 5,081 SF of infill to the existing facilities. The elementary school consisted of a Gym, Cafeteria/Multi-Use Room, Music Room, Library, six new Classrooms and four remodeled Classrooms. The Middle School consisted of a Gym/Multi-Use Room, two Class Rooms and a Band/Choral Room. The High School consists of Cafeteria/Multi-Use Room, Three Class Rooms, a full Kitchen and two Bath rooms. All of the new structures were connected to the existing buildings with a covered walk way.
