

Marion Miller Elementary School Salem, Oregon

DESCRIPTION

Marion Miller Elementary School was the first new school constructed with funds approved by the voters of Salem/Keizer School District in 1998. The school is located on a level site of approximately 10 acres in southeast Salem. The site includes a small wetlands area, which remained undisturbed. The school is designed to serve approximately 450 students. The school is a single story design and measures approximately 47,000 square feet.
