

Fisher's Landing Transit Center Vancouver, Washington

DESCRIPTION J.J. Henri Co., Inc. was selected by CTRAN to be the Construction Manager for Clark County Public Transportation's Fisher's Landing Transit Center. The facility provides support for bus service from the area of 164th and highway 14 to the greater Vancouver area. The facility includes parking required to support a "Park and Ride", offices, a meeting room and public facilities on the site. We provided constructibility reviews and budget verification for this project. Our staff managed all aspects of construction from reviewing finished construction documents, bidding (contractor solicitation to actual bidding and packaging for state approvals) through construction and completion.

SERVICES Construction Management/Prime Consultant

BUDGET \$5.2 Million

FINAL COST \$4.1 Million
