

Jessie Harritt Elementary School

Salem, Oregon

DESCRIPTION J.J. Henri Co., Inc. (JJHCo) is currently under contract with the Salem / Keizer School District providing Project / Construction Management Services for \$60 million of a \$177 million bond program.

In 1996 the Salem-Keizer School District purchased a vacant 9.28-acre sloped site in West Salem on Linwood Street. The site will accommodate a 18-classroom elementary school along with parking and play fields and adequate expansion space. A creek or drainage ditch is located along the south boundary of the site.

The elementary school will have an initial capacity of 450 students. This school will be a single story structure of nearly 48,000 square feet plus a covered play area and will follow the prototype design offered by Carlson Veit Architects.

SERVICES Project/Construction Management

BUDGET \$7 Million

FINAL COST Forecast of Cost at
Completion \$7 Million
